

MPAFUG

The Milwaukee Personal Ancestral File® Users Group is an independent organization dedicated to the advancement of computer genealogy. The group originally concentrated on supporting the PAF® software produced by The Family History Center of LDS, but has since expanded its role. In addition to PAF®, the group concentrates on educating its members on the latest computer technology available for the genealogist in terms of software, hardware and Internet research.

The Group maintains an active Internet home page and newsletter at: (<http://www.MPAFUG.ORG>) that is used to communicate the latest developments and locations of Internet research sources for the genealogist. Members also belong to "The MPAFUG On-Line Bunch." The On-Line Bunch shares information with each other on the latest research sites on the Internet. Our member's range from beginners to experienced researchers, but all have an interest in learning better ways of advancing and sharing their knowledge.

Membership in MPAFUG is open to anyone, anywhere, interested in learning more about computer genealogy. Dues are \$12 per year for an individual or an entire family at the same mailing address. **Dues are prorated as follows: Jan-Dec \$12, Jul-Dec \$6.** All members renew their membership on January 1st each year for \$12. **SEE SPECIAL BELOW.**

The MPAFUG meets on the **SECOND WEDNESDAY** of every month (except for December) from 7:00 PM - 9:00 PM at the **Ale House, 16000 West Cleveland Ave., New Berlin, WI.** The meetings take place in the ground floor conference room and are handicapped accessible.
